UnderCurrents is an independent non-profit journal of critical environmental studies. We publish creative and critical writing and artwork that explore the relationships between nature, society and self. We open and explicitly provide space for discussions of 'environment' which challenge the conventional boundaries and assumptions of academia and environmental discussion.

### EDITORIAL COLLECTIVE

Pablo Bose  
Scott Caspell  
Dana Mount  
Lenore Newman  
Aileen Rapson  
Adriel Weaver

UnderCurrents is produced by an editorial collective that employs a collaborative editing, design and distribution process to support the publication of each issue.
